OBJECTIVE

Computer Science student at Sukkur IBA University seeking opportunities in web development and UI/UX design. Experienced in creating responsive, user-friendly websites and visual designs through freelance work and an internship at Catch Technology. Interested in building practical digital experiences using React, JavaScript, Node.js, and modern design principles.

SKILLS

Front-End Development	HTML5, CSS3, JavaScript, React, Responsive Web Design
Back-End Development	Node.js, basic server-side development
UI/UX & Graphic Design	UI/UX Design, Website Layouts, Adobe Photoshop, Logos, Branding
Other Technical Skills	C++, Java, MySQL, Database Management, Microsoft Excel

EXPERIENCE

Freelance Web Developer & UI/UX Designer *Self-Employed | 2022–Present*

- Develop responsive portfolio, business, and landing-page websites using HTML, CSS, JavaScript, and React.
- Create user-friendly website layouts and interface designs, with attention to usability and visual consistency.
- Deliver logos, social media posts, banners, and other branding assets for freelance clients.

Front-End Development & UI/UX Intern *Catch Technology*

- Received practical exposure to front-end development and UI/UX design in a professional environment.
- Contributed to website interface tasks using React and web technologies, focusing on responsive and user-friendly layouts.

PROJECTS

Personal Developer Portfolio Website | HTML5, CSS3, JavaScript, Responsive Design

Designed and developed a responsive portfolio website to present projects, skills, services, and contact information. Includes mobile-friendly layouts, smooth scrolling, interactive animations, project previews, and a contact form.

EDUCATION

BS Computer Science — Sukkur IBA University *Expected 2027*
